Southern District Kaleidoscope

Southern District is a good place for us to visit. There are many places to see, for instance, Ocean Park in Wong Chuk Hang and the Jumbo Floating Restaurant in Aberdeen.

Ocean Park is a good place for children to have fun and we can learn about marine life. In the Jumbo Floating Restaurant, we can enjoy seafood.

We can play with many things and see many things. If you miss the pandas, you can go to Panda Village. If you miss the crocodiles and turtles, you can go to Gator March. Then, if you want to see the fish and starfish, you have to take the cable car and go to Atoll Reef. And if you like jellyfish, you can go and see the Sea Jelly Spectacular show. You can ride on the Dragon, Space Wheel, Raging River, the Abyss, Mine Train and Flying Wing at the summit.

In the Jumbo Floating Restaurant, you can eat fresh lobsters, prawns and crabs. If you have dinner at night, you can see the beautiful sea view.

Remember to go to the Southern District and don't miss these two places.
